

TABLEMAX EXPANDS IN NORTHERN CALIFORNIA

NIGA Tradeshow Results in Contract with Blue Lake Casino

LAS VEGAS (April 16, 2009) – TableMAX Gaming, Inc., a wholly owned subsidiary of TableMAX Corporation (TBLX.PK), a developer of electronic table games, has scored early success at the National Indian Gaming Association tradeshow, taking place this week in Phoenix. In the first few hours of NIGA, TableMAX signed an agreement for two Progressive Blackjack® systems with Blue Lake Casino.

Blue Lake Casino, located just north of Eureka, Calif., is owned and operated by the Blue Lake Rancheria Tribe. The casino has 750 gaming devices, and the TableMAX Systems will be the property's first electronic table games.

TableMAX CEO Stephen Crystal said, "We have had tremendous success in Tribal casinos for the past several months, and we were anticipating having a great NIGA presence. However, this early contract signing in the first couple of hours of the show was quicker than even we anticipated, which speaks very strongly of our products."

The Blue Lake Rancheria Tribe got a first-hand look at the TableMAX Systems in action earlier this year at seminar TableMAX held in southern California about its ePits™, and now the Tribe wants to host a ePit seminar in northern California.
