

GLI CERTIFICATION MAKES HIGHLY POPULAR CARIBBEAN DRAW POKER AVAILABLE ON THE TABLEMAX ELECTRONIC TABLE PLATFORM

Certification Expands TableMAX Game Library And Incremental Revenue Opportunities For Operators

LAS VEGAS (January 20, 2009) – Based on significant player demand, casinos across North America continue to install TableMAX Systems on their floors, and now operators have another popular game to offer. TableMAX Gaming, Inc., a wholly owned subsidiary of TableMAX Corporation (TBLX.PK), a developer of electronic table games, has received GLI certification for its Caribbean Draw® poker game.

TableMAX's library of proprietary game content, which includes Progressive Blackjack™ and Caribbean Stud® poker, continues to expand with this most recent certification. TableMAX's Caribbean Draw poker is proprietary to TableMAX in the electronic table game arena.

Caribbean Draw poker plays much the same as Caribbean Stud poker, but allows the player to discard up to two cards, which further enhances the feel of a "live" table game experience and increases the player's interactivity. The game also features an exciting optional 50 cent side bet, enabling TableMAX's exclusive progressive jackpot.

TableMAX CEO Stephen Crystal said, "Achieving this certification is a significant milestone in our business plan. We continue to set and meet goals of expanding our game offerings, and we are very excited about 2009."

ABOUT TABLEMAX CORPORATION

TableMAX is a developer of electronic table games and designs, engineers, and distributes patented electronic table games worldwide. TableMAX owns global rights to popular table game content, including Progressive Blackjack®, Caribbean Stud® Poker, Caribbean Draw® Poker, Texas Hold 'Em Bonus® Poker and Bonus Blackjack®.

FORWARD LOOKING STATEMENTS

This release contains certain "forward-looking statements" relating to the business of the TableMAX Corporation (the "Company") and its principal subsidiary, TableMAX Gaming, Inc., which can be identified by the use of forward-looking terminology such as "believes", "expects", or similar expressions. Such forward looking statements involve known and unknown risks and uncertainties, including all business uncertainties relating to product development, marketing, market acceptance, future capital requirements, and competition in general and other factors that may cause actual results to be materially different from those described herein as anticipated, believed, estimated, or expected. The Company is under no obligation to (and expressly disclaims any such obligation to) update or alter its forward-looking statements whether as a result of new information, future events or otherwise.
