

TABLEMAX CREATES “ELECTRONIC PIT” with INSTALL of 4-SYSTEM CAROUSEL AT FANTASY SPRINGS

LAS VEGAS (December 8, 2008) – TableMAX Gaming, Inc., a wholly owned subsidiary of TableMAX Corporation (TBLX.PK), a developer of electronic table games, has successfully completed the installation for 4 (four) machines at Fantasy Springs Resort Casino in Indio, California. TableMAX placed two Progressive Blackjack® games and two Caribbean Stud® Poker games on the casino floor, making this the first full 4-system carousel placement for the company.

“This is a landmark event for TableMAX,” TableMAX CEO Steve Crystal said. “We are very pleased that Fantasy Springs has chosen to be the first to install a full carousel of our multi-player electronic table games. Creating an electronic pit is a growing trend that more casino operators are embracing and this placement at Fantasy Springs is a great example of that trend in action.”

Fantasy Springs Resort Casino players can choose to play Progressive Blackjack or the popular Caribbean Stud Poker. Each game offers the lowest minimum bet for a table game in the Coachella Valley, \$1, and features an optional 50 cent side-bet allowing players the opportunity to win a life-changing progressive jackpot starting at \$25,000. The TableMAX system offers table game players a fun, easy and relaxed gaming style plus the flexibility to play as an individual or with up to 5 players.

Fantasy Springs Resort Casinos Director of Slots Joanne Kraly said, “We’ve been eagerly awaiting this install. The TableMAX platform is an innovative product and its addition to our gaming floor will enhance our cross-over play between slot and table game players.”

“In this challenging market, it’s important to offer new and exciting products for players. The TableMAX system does that.” Crystal said, “Our product seems to appeal to a broader player base, which paired with our various pricing models, provides the tools needed to enhance the casino’s bottom line.”
