

RIDING WAVE OF SALES, TABLEMAX BRINGS INTERNATIONAL EXCITEMENT TO IGE 2009

LAS VEGAS (January 9, 2009) – TableMAX Gaming, Inc., a wholly owned subsidiary of TableMAX Corporation (TBLX.PK), a developer of electronic table games (ETG), announced it will be showing at the upcoming International Gaming Expo. The tradeshow takes place 27-29 January at Earl’s Court in London. TableMAX will be exhibiting alongside its international distribution partner Octavian International.

TableMAX will show its proprietary electronic version of Caribbean Stud® Poker on its unique ETG platform. Caribbean Stud Poker is widely recognized as the game that reinvigorated traditional tables and has enjoyed broad acceptance from players worldwide, and the electronic TableMAX® version is played on the company’s five-player position electronic table game platform. On the TableMAX platform, players have the option to compete for slot-style progressive jackpots by placing a side bet, and progressive jackpots are paid when a player is dealt a royal flush. This exciting electronic version of a longtime casino favorite will be demonstrated in stand #3230.

“We have had tremendous success in the U.S. market, and we had an amazing showing at the recent G2E. Now, showcasing our product at IGE allows us to further grow our international customer base by displaying the game directly in Europe,” said TableMAX CEO Stephen Crystal. “Exhibiting with our partner Octavian underscores the demand and growth of the ETG market and our commitment to the industry.”
