

TABLEMAX EXPANDS IN SOUTHERN CALIFORNIA

LAS VEGAS (January 8, 2009) – TableMAX Gaming, Inc., a wholly owned subsidiary of TableMAX Corporation (TBLX.PK), a developer of electronic table games, has recently completed an installation of its ETG at Red Earth Casino in Salton Sea Beach, Calif. TableMAX has had a string of recent successes in the state, installing multiple games in both northern and southern California.

Owned and operated by Torres-Martinez Desert Cahuilla Indians, Red Earth Casino is the latest California property to install the TableMAX® Electronic Table Game platform, recently adding TableMAX's most popular game, Progressive Blackjack®, to its casino floor. The TableMAX Progressive Blackjack game is the property's first table game of any kind, live or electronic.

In addition to the fun of standard blackjack, TableMAX's proprietary side bet progressive jackpot adds a new layer of excitement for players, where a 50-cent side bet offers a chance at life-changing progressive jackpots.

TableMAX CEO Stephen Crystal said, "Players like table games. That's why blackjack has been a casino standard for as long as casinos have existed. And in today's economy, there is clearly a demand for a cost-effective solution to providing table game excitement to players, and TableMAX's electronic table games provide the solution operators have been looking for, and they tell us their players love it."
