

**TABLEMAX CORPORATION TO EFFECT
A ONE-FOR-6.172440476 REVERSE STOCK SPLIT**

The New Stock Symbol Will Be "TBLX"

LAS VEGAS (August 18, 2008) – TableMAX Corporation, a Nevada corporation (Pink Sheets: CSJP), announced today that on August 19, 2008, it will effect a one-for-6.172440476 reverse stock split of all of its issued and outstanding shares of common stock.

In connection with the reverse split and recent name change from CJPG, Inc. to TableMAX Corporation, a new stock symbol, "TBLX," will be assigned to the TableMAX common stock effective as of August 19, 2008. The TableMAX common shares will continue to be quoted on the Pink Sheets on a post-split basis under the new stock symbol.

No cash will be paid or distributed as a result of the reverse split, and no fractional shares will be issued. All fractional shares which would otherwise be required to be issued as a result of the reverse split will be rounded up to the nearest whole number. The reverse split will be recorded on TableMAX's stock transfer records in the form of book entry. As such, following the reverse split, the share certificates representing the pre-split shares will continue to be valid with the adjustment for the number of shares owned being made on TableMAX's stock transfer records. Shareholders are not required to, but may at their own expense, tender to TableMAX's transfer agent their certificates representing pre-split shares in exchange for certificated shares in the post-split share amount.

About TableMAX

TableMAX is engaged in the manufacture, sale and distribution of a patented five-seat, multi-player electronic table game known as the TableMAX® System™. The TableMAX System is a state of the art multi-player video gaming machine that utilizes patented technology to provide electronic versions of popular traditional casino card games. The TableMAX game library includes Progressive Blackjack™ (Gaming Labs certified Sept. 2007), Caribbean Stud® Poker (Gaming Labs certified May 2008) and Caribbean Draw® Poker, which is currently being tested for certification. Texas Hold 'Em Bonus Poker is currently in development.

To date, TableMAX has sold five TableMAX Systems abroad; placed six on a recurring revenue basis, including five in Oklahoma casinos and one in South America; signed orders for six system installations; and received verbal commitments for 18 system placements. In April 2008, TableMAX launched its initial wide area network offering a progressive jackpot, linking TableMAX Systems in operations at two separate Tribal gaming establishments in Oklahoma. The wide area network is believed to be the first wide area progressive network on an electronic table game available anywhere in the world.

TableMAX commenced its current business, consisting of the manufacture and sale of the TableMAX System and related video card games, in 2004. It commenced limited revenue producing operations in 2005 through the marketing and sale of an earlier version of the TableMAX System, and completed the initial development of the TableMAX System in the
